

Employee Support Program

LIFE COACHING

FEATURES:

- Have convenient telephone conversations with your Life Coach.
- Establish your vision, set goals and create an action plan in your very first meeting.
- Engage in up to 5 follow-up meetings to help recalibrate, refresh, and progress with your goals.
- Your progress towards any goal – career, parenting, relationship, time-management – can be enhanced by working with your Life Coach.

The path to personal and professional success is not always clear.

A Life Coach can help by guiding you through a thought-provoking, creative process of reflection and goal setting to maximize your potential and navigate life transitions.
