

CRITICAL INCIDENT STRESS DEBRIEFING (CISD) SUPPORT

Rapid Response • Clinical Expertise • Compassionate Care

When unexpected events impact the workplace, emotional and operational stability can be shaken. Our CISD team provides immediate, trauma-informed support to help employees regain safety, balance, and functionality after a crisis.

WHAT WE RESPOND TO

We have experience supporting organizations after:

- Employee deaths
- Violence in the workplace
- Accidents or injuries
- Natural disasters
- Terror attacks
- Lay-offs or restructuring
- Events that cause psychological distress

SERVICES AVAILABLE

We offer a full spectrum of post-incident care:

- Onsite and virtual group debriefings
- Individual crisis counseling
- Telephonic crisis support
- Management consultation
- Information briefings for staff
- Follow-up support as needed

OUR APPROACH

Our mission is to reduce psychological casualties and restore workplace functioning. Services are tailored to organizational needs and clinical appropriateness.

We focus on:

- Psychological First Aid
- Practical and emotional support
- Promoting resilience and natural coping
- Preventing long-term trauma effects
